- Examination registration is only possible via ZEuS.
### 3. How to register for the master's thesis

**Requirements for admission:**
- 60 ECTS (credits) completed
- Find a suggested title for the thesis
- Find two supervisors

**Fill in the online form** “Online application for the master's thesis SEDS” on our [webpage](#) and include:
- A letter of enrolment of the current semester
- Proof of having passed **60 ECTS credits** (transcript of records)

*If you do not have all necessary ECTS credits on the day of the master’s thesis registration, submit the proof of the missing credits immediately after receiving your results.*

---

**Application procedure for the master's thesis SEDS**

On this page, you can apply for the master's thesis in the SEDS programme. Please be aware of the following issues:

1. Please log in with your university e-mail account and your password.
2. You will be guided step by step through the application form. Please read all the instructions carefully.
3. Insert your data carefully and doublecheck it afterwards since this is your official application form for the master’s thesis.

**Important note:** After having filled out the application form, you still have to sign the form and to collect confirmations by e-mail of your supervisors.

6. Formalities

- **Formal guidelines**: Formal criteria and guidelines may differ between departments and chairs. Please make sure to meet the expectations of your first and second supervisors and ask them beforehand. You will find helpful advice on the respective websites.

- **Length**: Usually, the length of a master's thesis is about 60 to 70 pages. Please check with your supervisors whether the participating departments have different guidelines.

- **Number of Copies**: 3 bound copies must be submitted by the specified deadline.

- **Binding**: The master’s thesis must be securely bound with a front and back cover, for example, by means of cold adhesive binding.

- **Duplication**: A high print quality is necessary for written work (for photocopies, use a high quality photocopier).
7. Writing Center

- The **Writing Centre** at the University of Konstanz supports students in furthering their writing competence

- Peer writing tutoring: from student to student

- **Tutoring sessions** via zoom and on campus. Book your individual appointment: [Link](#)

- Or drop in at their **office hours** on Wednesdays, 2 – 4 PM in the green study spot next to the library café → no appointment required

- Link for more information about the **Writing Center**
External supervisors can only be appointed in well-founded exceptional cases.

- Have to be university professors
- Must be approved by the SEDS Examination Board

What to do?
Talk to the first supervisor (PI) and ask if he/she agrees that an external co-supervision makes sense
- Write a request to the attention of the MSc SEDS Examination Board
- Submit the request together with the curriculum vitae and a publication list of the potential external supervisor via the online form

Master Thesis within an external company, research institute etc.
- You are welcome to write your master’s thesis in cooperation with a company, research institute etc.
- Your two supervisors (1. assessor & supervisor, 2. assessor) need to be university professors from the University of Konstanz (one of them must be a MSc SEDS PI)
- An external supervisor from the company etc. is not possible
- Pay attention to data security issues
9. Colloquium

You present the research design of your master’s thesis in front of your peers and first supervisor and use their feedback to improve, finalize and refine your master’s thesis.

- **3 ECTS** (ungraded) for your master colloquium

- The Department of Politics and Public Administration offers **specified research seminars/colloquia** every semester → please get informed about the individual registration procedures there!

- For other participating departments **individual arrangements** need to be arranged

- Once you have found your supervisor (Erstgutachter*in) it is very important to **clarify the colloquium** with him/her at the very beginning

- In order to have your colloquium **entered into your ZEuS** account, your supervisor (Erstgutachter*in) needs to confirm that you have fulfilled the colloquium by e-mail to: **seds.admin@uni.kn** (no form required)
10. Financial support

– You can apply for reimbursement of (partial) costs for your thesis up to a certain amount.

– Please send an informal request with an overview of costs, the type of costs (e.g. access to databases, software licences, travel expenses, etc.) and a justification by email to seds.admin@uni.kn

– The department will check whether and how much of your costs might be refundable
11. Questions

Do you have questions?
12. cyber TALENTS‘ Stage

Save the date: **26 January 2024**, 5 pm!

Networking event with [cyberLAGO](#). SEDS students present their competences using their own projects. **Main goal** is to show potential employers how attractive SEDS students are for them.
Thank you!

Happy Christmas season!
